Description

Located in an exclusive and desired area, from the moment you enter through the door, you perceive the sensation of space that characterizes this magnificent property. Surrounded by a magnificent mature garden, one discovers a villa of authentic character with its very large naya and its natural toska stone arches. In front of the pool a summer kitchen, with spectacular views of the Montgo. It is entered through a huge entrance hall, which opens onto a living room with fireplace and an equally spacious dining room. The independent kitchen has a large laundry room with independent access. The corridor leads to the night area, which offers 4 bedrooms, one of which is a Master with its ensuite bathroom and a second bathroom. The bathrooms have been kept in their original style and a third can easily be added. The entire villa has marble floors. A large garage with a workshop area and a car port complete this high potential property
