Description

Luxury villa designed to harmonize with its surroundings and seamlessly blend into the natural landscape. Its structure, made of concrete platforms and wooden pergolas, flows along the natural slope of the terrain, creating the interior living spaces.

The house is accessed via an entrance pavilion that offers panoramic views of the entire environment. Descending to the first level, you'll find the master bedroom, complete with a walk-in closet, en-suite bathroom, and private terrace—a secluded suite providing ultimate privacy and intimacy.

Continuing down, the next platform hosts the rest of the bedrooms. There are three spacious bedrooms in total, each with an en-suite bathroom and private terrace.

The third level is dedicated to the daytime living areas. There are two distinct spaces: one for the living-dining area and another for the kitchen. These can be joined by sliding doors, creating a large, open-plan space that connects directly to the outdoors.
