Description

Located in an exceptional natural setting, surrounded by cultivated fields and enjoying complete privacy, this elegant estate sits on a magnificent flat plot of 12,500 m². A unique property that combines spaciousness, comfort, and authentic Mediterranean charm, ideal for those seeking tranquillity without giving up proximity to the coast. The estate comprises two completely independent homes, connected only by an underground passageway that can remain closed, ensuring total autonomy for each residence. Both properties are distributed over a single floor, offering maximum comfort and accessibility, and also feature a large parking area with space for several vehicles. The main house stands out for its brightness and excellent layout. An elegant entrance hall leads to a spacious living-dining room with direct access to the covered naya and pool area. The double-sided fireplace subtly separates the living area from the generous kitchen, designed to provide both space and functionality.
