Description

Set on a generous 1,000m² plot with sweeping views of both Montgó³ and the Mediterranean, this 260m² villa offers exactly what Dutch buyers tend to look for here: real space, abundant natural light, and a layout with genuine potential to put your own stamp on it.

Living Spaces Made for the View

The heart of the home is one large, light-filled living zone where kitchen, dining, and lounge flow together, framed by generous windows that pull the landscape indoors. Natural Tosca stone columns run through the room, giving the space real character and a sense of permanence that's hard to find in newer builds.

The main house holds two generously sized bedrooms, each with its own en-suite bathroom, plus a separate guest toilet for visitors.

A Fully Independent Guest Apartment

Downstairs, a complete one-bedroom apartment functions entirely on its own ideal for guests, extended family, or rental income
