For Dutch buyers looking for a property that can adapt to different needs, this is a home worth serious consideration.

Built across two floors, the villa totals 206 m  on a generous 850 m  plot. The ground floor holds a bedroom with its own en-suite bathroom, alongside a fully independent guest apartment complete with separate kitchen and bathroom. This self-contained space is ideal for hosting visiting family, or as a source of rental income if desired.

Upstairs, the layout opens into an inviting kitchen-diner and a bright, spacious living room centred around a fireplace, a welcome feature during the cooler winter months. A full bathroom and the third bedroom, which includes a walk-in wardrobe, complete this level
