Description

This to-be-built villa offers modern luxury in the heart of El Verger and includes the following high-end finishes:

Eco-Friendly Features: Solar panel system installed, providing hot water, and ducted air conditioning for both heating and cooling, with all machinery included.

Bathrooms and Kitchen: High-quality fixtures, including designer faucets, sanitary fittings, and shower screens. The villa comes with fully furnished bathrooms with mirrors and interior lighting.

State-of-the-Art Kitchen: High-end appliances included, such as an oven, glass-ceramic cooktop, designer extractor hood, and a built-in microwave.

Outdoor Spaces: The villa's garden will be delivered with a fully installed swimming pool and options for customization of finishes. The parking area will be paved, and the remaining outdoor space will be left as soil, offering the chance for landscaping to your taste.

The villa will feature 3 spacious bedrooms and 2 modern bathrooms
